**EN** Professional ladders for access on vehicles, flatbeds, railway carriages, raised floors, airplanes, or machinery in general. Designed for intensive use, they are built in ribbed and welded extruded aluminium.

**FR** Échelles professionnelles pour l'accès sur les véhicules, les plateaux, les wagons de chemin de fer, les planchers surélevés, les avions ou les machines en général. Conçus pour un usage intensif, ils sont construits en aluminium extrudé nervuré et soudé.

**DE** Professionelle Leitern für den Zugang zu Fahrzeugen, Pritschen, Eisenbahnwaggons, Doppelböden, Flugzeugen oder Maschinen im Allgemeinen. Sie sind für den intensiven Gebrauch konzipiert und bestehen aus geripptem und geschweißtem stranggepresstem Aluminium.

**RO** Scări profesionale pentru acces pe vehicule, platforme, vagoane de cale ferată, podele înălțate, avioane sau utilaje în general. Proiectate pentru utilizare intensivă, sunt construite din aluminiu extrudat cu nervuri și sudare.
